## FOREWORD

Throughout the nearly thirty years of the existence of the Northwest Missouri Shorthorn Association the members of the association have been improving their herds with the use of better shorthorn and polled shorthorn herd sires, adding better females and rigid culling of their cow herds.

Northwest Missouri Association breeders are in a good position to supply you with breeding stock with quality and quantity. The prices of cattle sold at our sales are not high and purchasers of shorthorns and polled shorthorns are dealing with friendly and reputable cattlemen.

This offering of sale cattle is equal or superior to any offering in previous sales and we invite you to attend the sale, confident that you can fill your needs of both bulls and females.

## AWARDS

This show is sponsored by the Missouri Department of Agriculture. Ribbons and cash awards provided by the Missouri Department of Agriculture have been made possible through an appropriation by the Missouri legislature. The funds have been appropriated to encourage the production and distribution and use of superior breeding cattle in Missouri. Only those animals representing the top 50% of the breed are awarded ribbons and monies.

Ribbons and premium monies will be awarded as follows:

A—Superior \$10.00

B—Good \$5.00

C—Unclassified None

Grade A (Superior)—Blue Ribbon, represents the top 15% of the breed. These animals would fit into top purebred herds anywhere. They are correct in type, size, quality and breed character.

Grade B (Good)—Red Ribbon, represents the next 35% of the breed. These animals are good enough to use in some purebred and most commercial herds.

Grade C (Unclassified)—No Ribbon. These animals are below average for the breed.

# **GENERAL INFORMATION**

**LOCATION**—The sale and show will be held at the Maryville Auction Co. Sale Barn on Highway 71, south part of Maryville, Missouri, on Monday, March 26, 1973.

**TERMS**—The terms of the sale are cash unless other arrangements are made in advance with the consignors from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be a buyer's risk as soon as bid off.

## **STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDING ASSOCIATION**

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.

**BIDS**—Those wishing to buy who cannot be present, may send bids to Gene McDonald, Shorthorn World; Ted Aegeter, American Shorthorn Breeders' Association, or to William Hartman, the sale manager.

Here is the bull that has seen more service in our herd than any other we have owned in recent years. We have had him four seasons and his calves have been tops. He is as active and sure as a calf. Since we have sold so many of our older cows the ones remaining are for a great part his daughters so we decided only recently to sell him. He is still running with a bunch of cows and he is thin. Undoubtedly he will be the bargain of the sale. He does not appear to be the really good bull that he is.
